**Purpose of Contact:** Request to waive 21-day waiting period to initiate Minor Modification #5 to the B776/777 DOP

## Discussion

Edd Kray informed me this morning that CDPHE had approved Minor Modification #5 to the B776/777 DOP on September 13, 2000. RFCA requires that, "DOE shall submit a written request to the LRA with appropriate justification no less than 21-days prior to when DOE desires to execute or begin to execute the proposed changes." Minor Modification #5 deals in part with the removal of RCRA Units 94.001, 94.002, and 94.003 in SET 55. D&D Operations designed to close these tanks were scheduled to commence next week. Therefore, I requested that CDPHE waive the 21-day waiting period required by RFCA.

Mr. Kray agreed with this request
